Uber is good alternative to taxi in certain circumstances as well as good for business in SC. Please restore Uber's ability to conduct business in SC.

I better still have uber being new to Charleston! I won't drink and drive first of all and so this is the perfect way for me to be able to get around if I'm out and about at night if I choose to drink and also if I'm meeting up with people (especially if it is people I don't know and I want to leave, it's a perfect way to safely leave). Plus, I don't know my way around Charleston at all. If Uber is ever taken away I will be so disappointed in the state of South Carolina which I JUST moved to! I need this affordable way to get around the city and a way to learn my way around the city. Plus there's no way in hell I'm paying a weird taxi driver to pick me up at my new home and drive me downtown. Taxis are unreliable, I don't know who's picking me up, I don't know when to expect them, and so it's just not safe or reliable whatsoever! Do NOT take away my right to choose who drives me around if I'm paying for it!

**Subject:** UBER

To Whom it may Concern:

I am a college of charleston student, and I regularly use uber to get safe rides around town at night. From studying at the library to moving between friends houses, I appreciate the speed, convenience and prices offered by uber. I know personally that uber has prevented multiple dangerous walks home for me and I appreciate their services. Please allow the to continue running for us!

Thanks so much!  
Nora Rudolph
